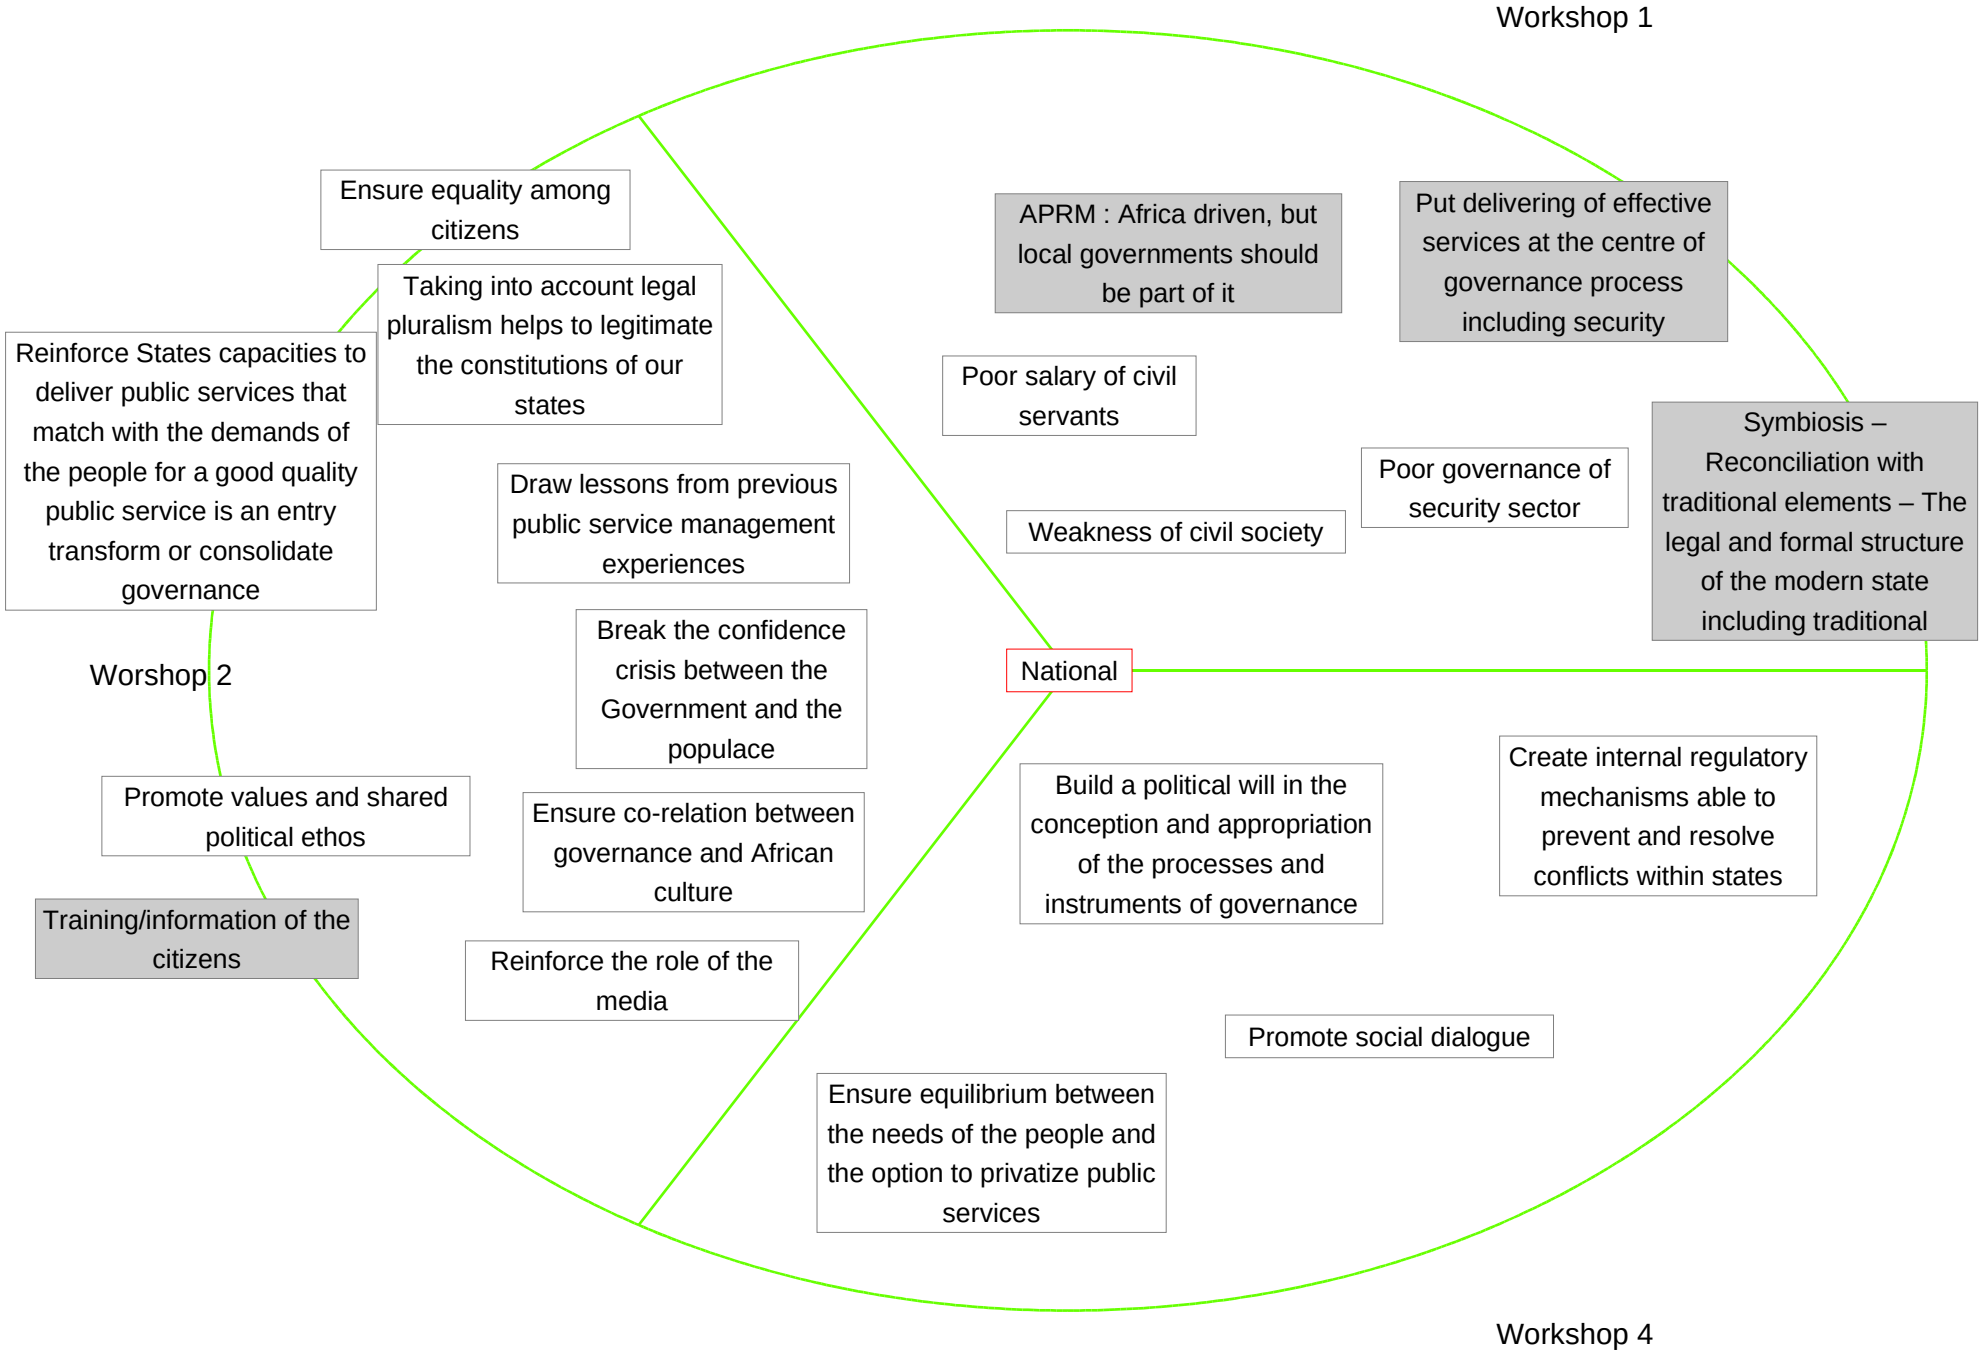
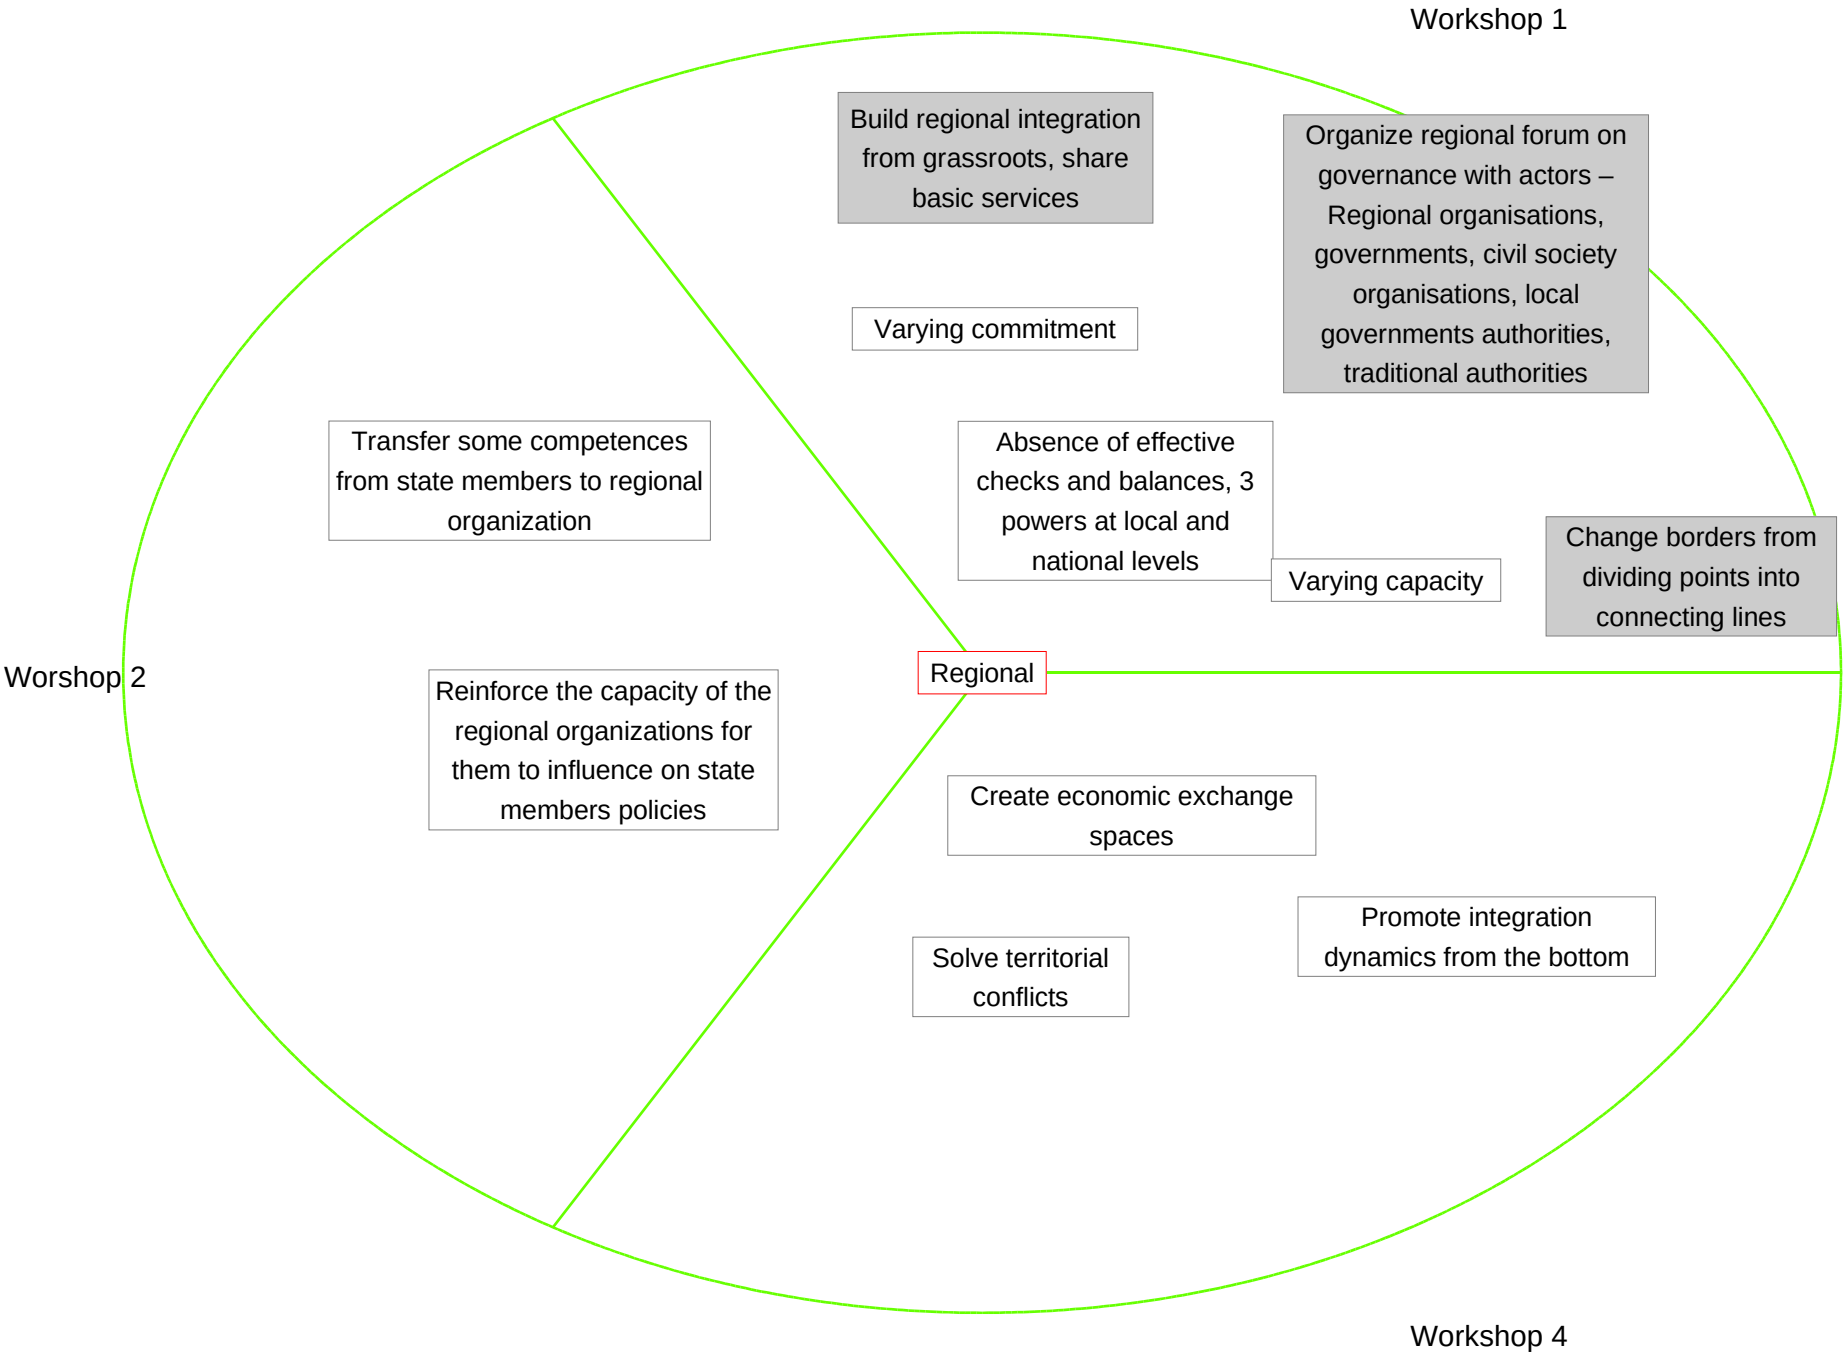
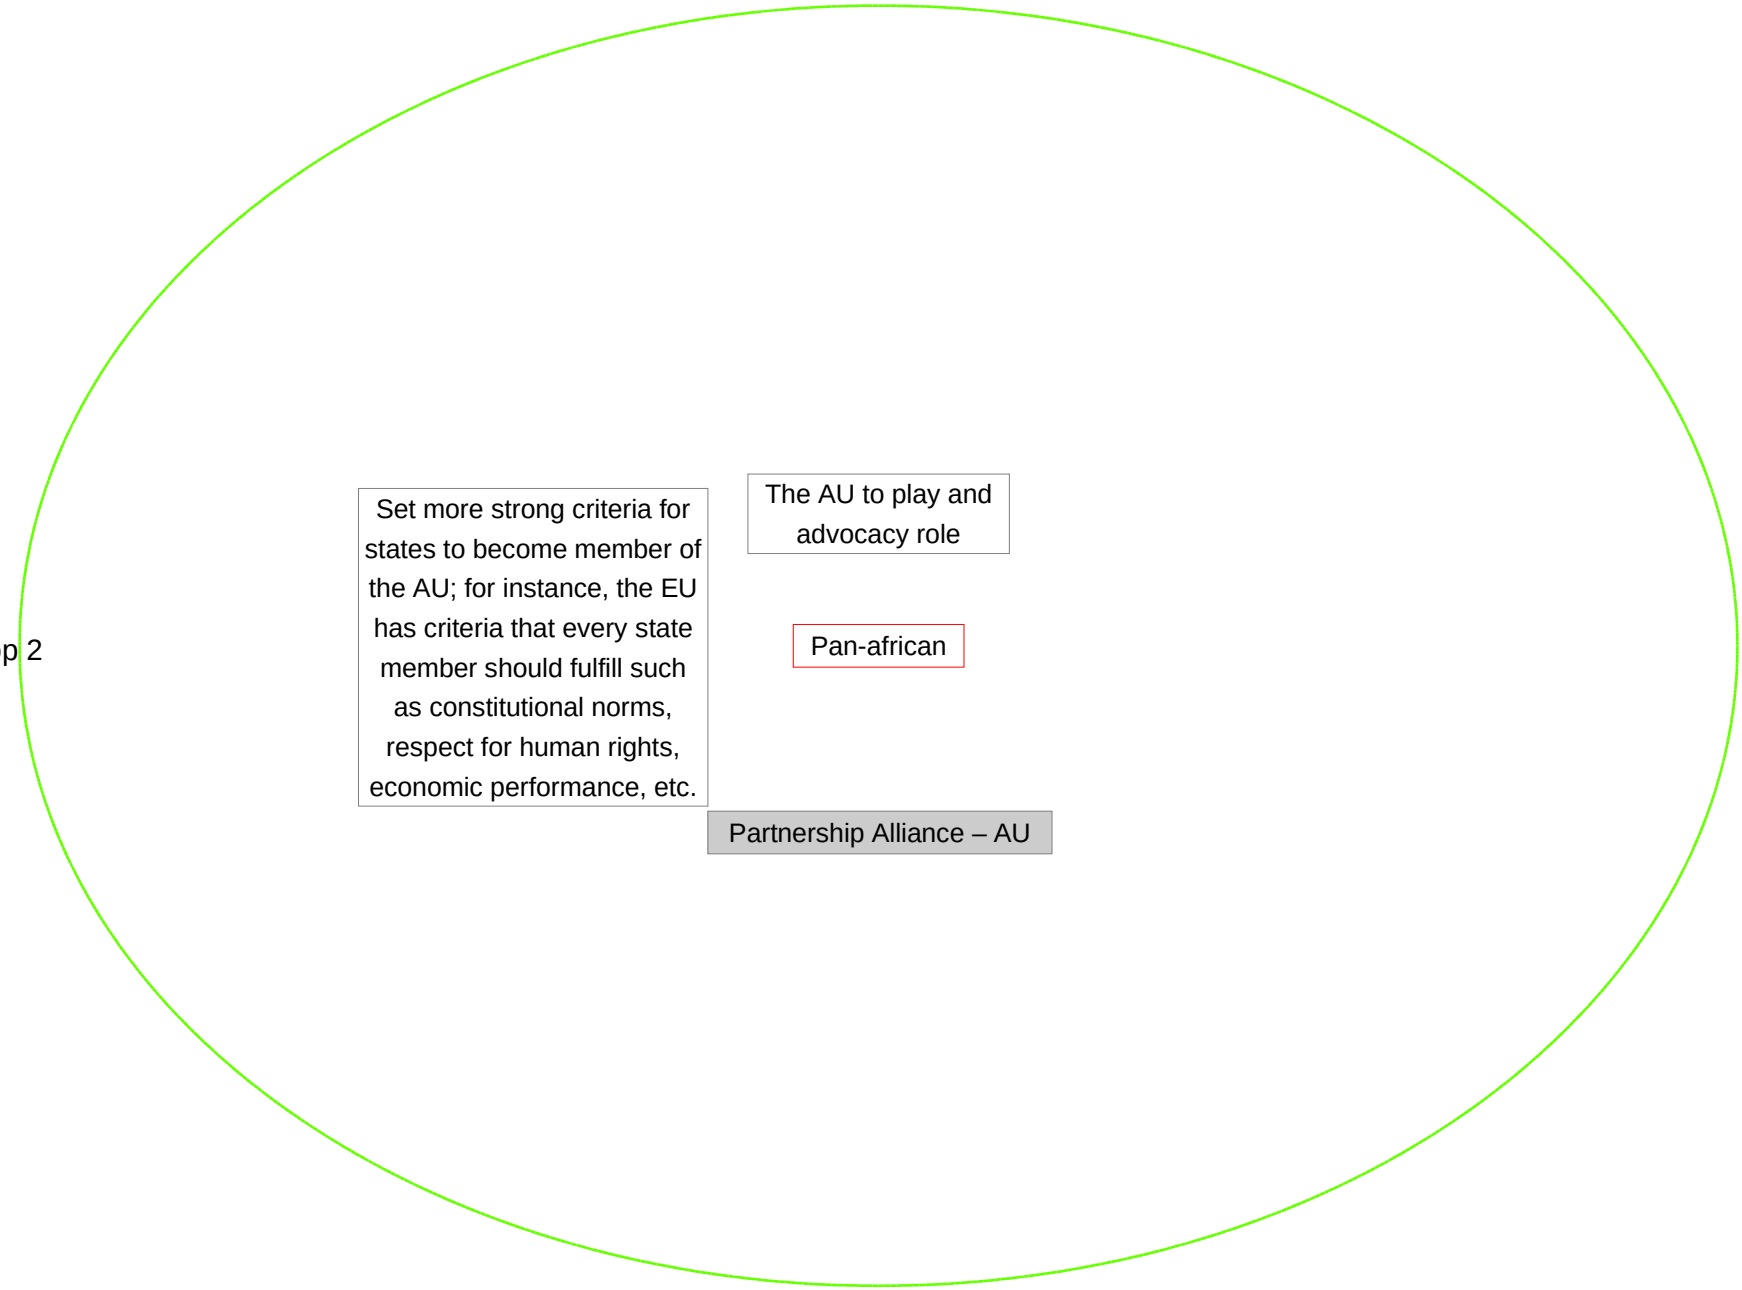
Workshop 1
Start at local and integrate level
Actors in the field identify and disseminate best practices
Identify local accountability systems to feed into and reshare oversight bodies
Promote an efficient local public service by reducing the gap between the offer and demand of services from the citizens
Training of local actors
Clash between tradition and modern state, state has no legitimacy, it looses every time
Ignoring realities at the local level
Enhance local ownership on policies
Install a local consensual democracy
Delegate to local governments what they can effectively manage by way of negotiation
Worshop 2
Local
Reinforce local government management capacities
including governance at the other levels
Drafting of elected local representatives' statute
How to use local governments as regulatory forums?
Start new foundations for governance at the local level
Créer des espaces publics d'interpellation des responsables publics
Mobilization and management of resources
Adequate relationship between the legal competences of local governments and those of the grass root communities
An effective decentralization supposes strong political will
How to organize the inclusion of all the stakeholders at the local territory level?
Take into account non-elected legitimacies
Consensus as decision-taking modality
Enhancement of the capacities of all the stakeholders: elected representative, technicians, civil society, private sector, etc.
How to deal with vulnerable groups?
What mechanisms and methodology to ensure cooperation and partnership?
enhance capacities to allow actors to listen to each other, understand each other and assume their responsibilities
Workshop 4
Take decisions in local public decision-taking forum



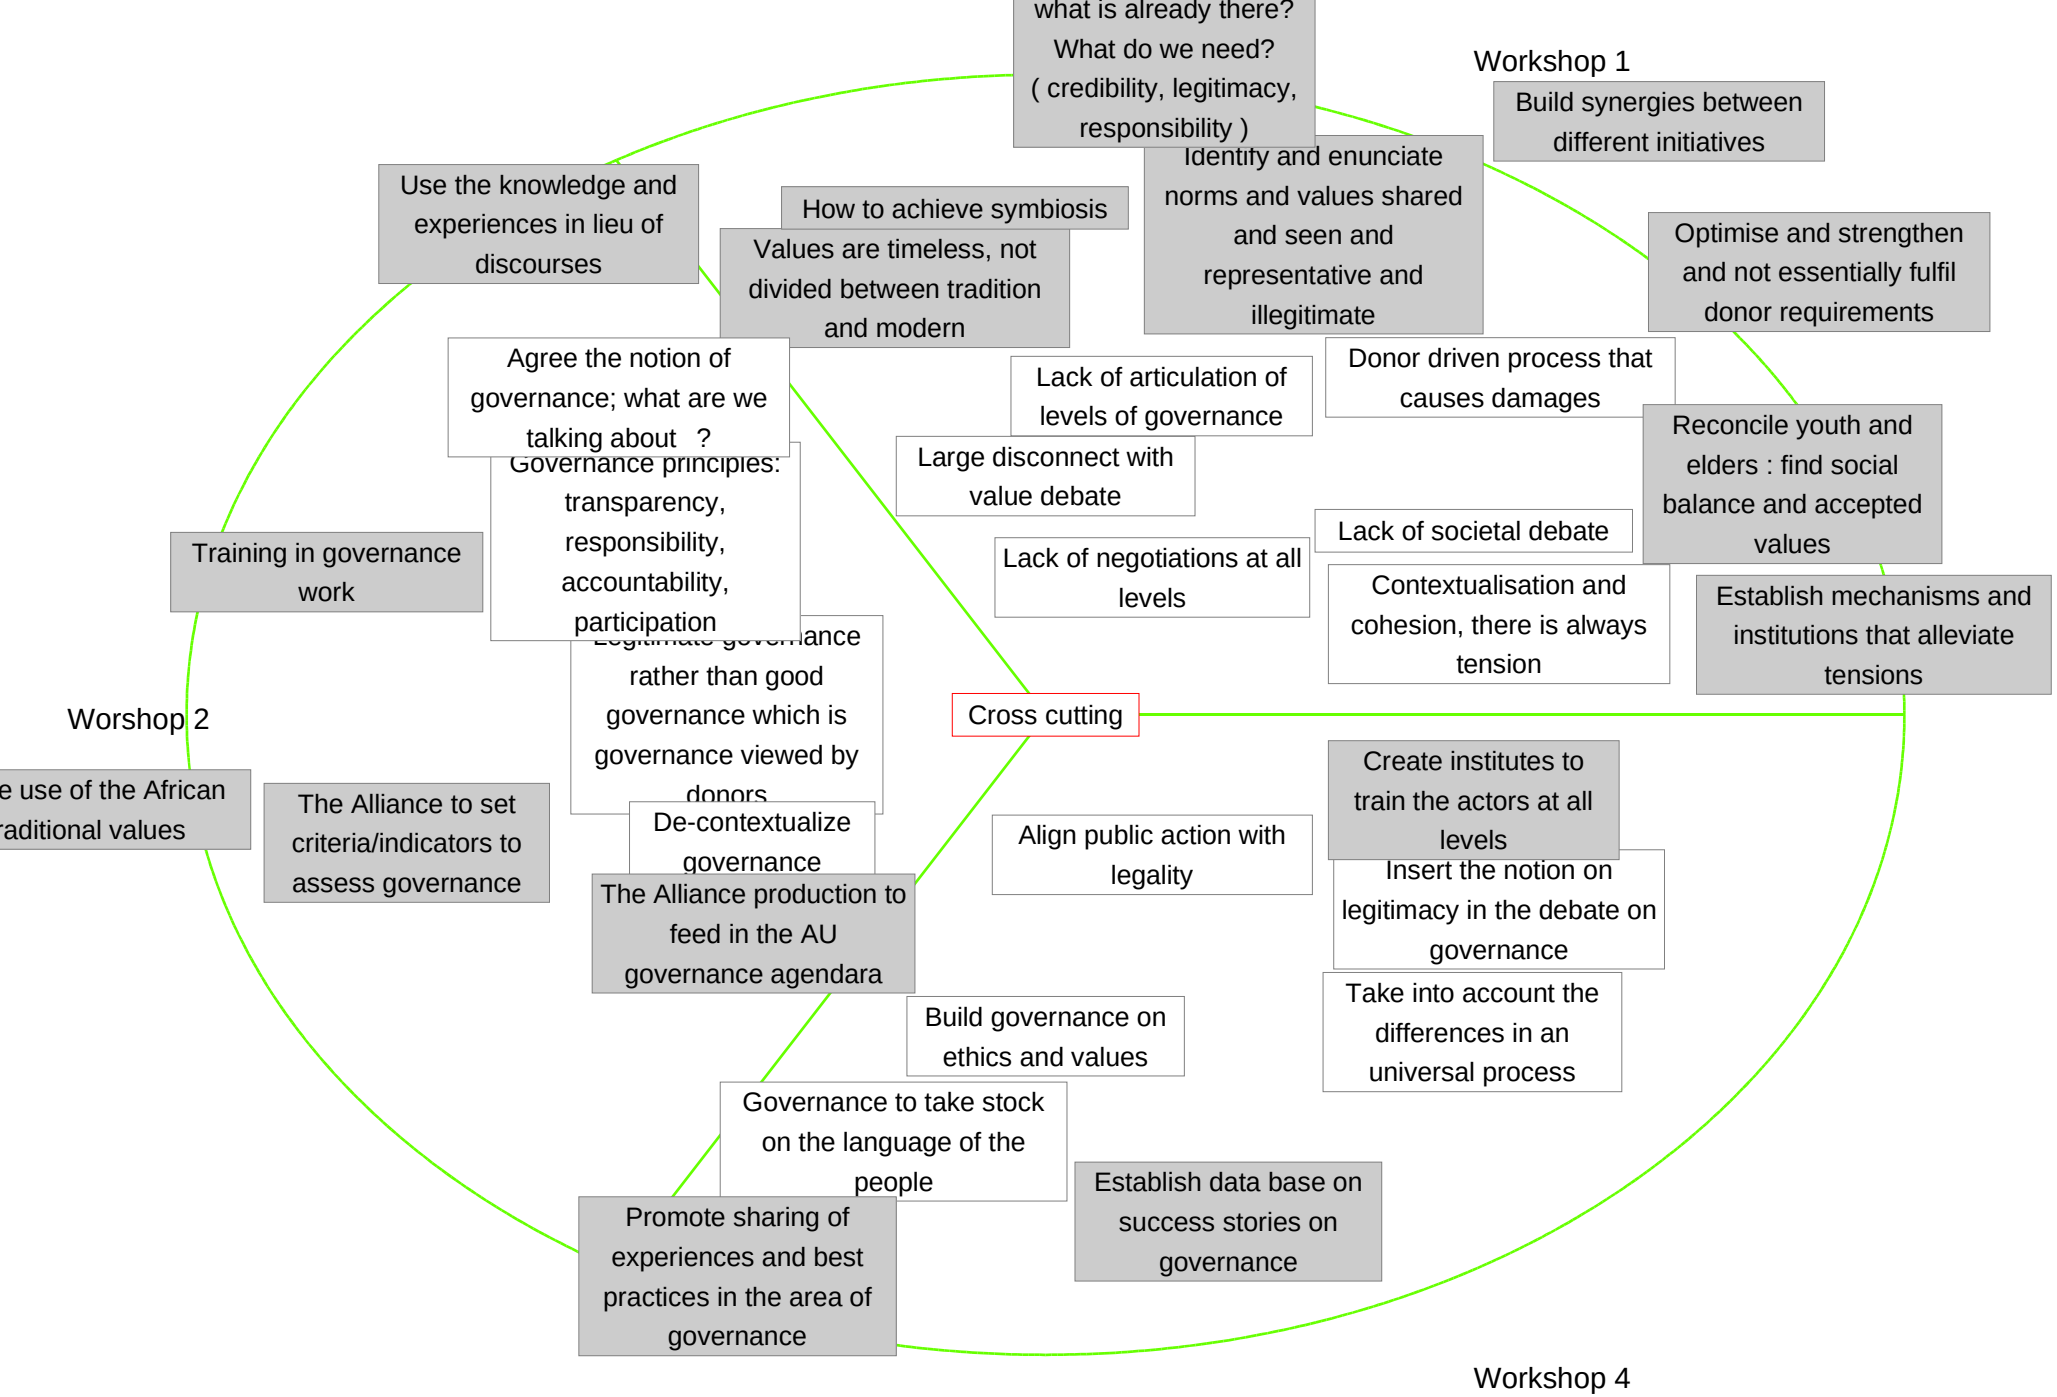
Workshop 1
Ensure equality among citizens
Taking into account legal pluralism helps to legitimate the constitutions of our states
Reinforce States capacities to deliver public services that match with the demands of the people for a good quality public service is an entry transform or consolidate governance
Worshop 2
Promote values and shared political ethos
Training/information of the citizens
Draw lessons from previous public service management experiences
Break the confidence crisis between the Government and the populace
Ensure co-relation between governance and African culture
Reinforce the role of the media
APRM : Africa driven, but local governments should be part of it
Put delivering of effective services at the centre of governance process including security
Poor salary of civil servants
Poor governance of security sector
Symbiosis – Reconciliation with traditional elements – The legal and formal structure of the modern state including traditional
Weakness of civil society
National
Build a political will in the conception and appropriation of the processes and instruments of governance
Create internal regulatory mechanisms able to prevent and resolve conflicts within states
Promote social dialogue
Ensure equilibrium between the needs of the people and the option to privatize public services
Workshop 4



Workshop 1
Build regional integration from grassroots, share basic services
Organize regional forum on governance with actors – Regional organisations, governments, civil society organisations, local governments authorities, traditional authorities
Varying commitment
Transfer some competences from state members to regional organization
Absence of effective checks and balances, 3 powers at local and national levels
Varying capacity
Change borders from dividing points into connecting lines
Worshop 2
Regional
Reinforce the capacity of the regional organizations for them to influence on state members policies
Create economic exchange spaces
Promote integration dynamics from the bottom
Solve territorial conflicts
Workshop 4



Worshop 2
Set more strong criteria for states to become member of the AU; for instance, the EU has criteria that every state member should fulfill such as constitutional norms, respect for human rights, economic performance, etc.
The AU to play and advocacy role
Pan-african
Partnership Alliance – AU



what is already there? What do we need? (credibility, legitimacy, responsibility)
Workshop 1
Build synergies between different initiatives
Use the knowledge and experiences in lieu of discourses
How to achieve symbiosis
Identify and enunciate norms and values shared and seen and representative and illegitimate
Optimise and strengthen and not essentially fulfil donor requirements
Values are timeless, not divided between tradition and modern
Agree the notion of governance; what are we talking about ?
Lack of articulation of levels of governance
Donor driven process that causes damages
Governance principles: transparency, responsibility, accountability, participation
Large disconnect with value debate
Reconcile youth and elders : find social balance and accepted values
Training in governance work
Lack of societal debate
Lack of negotiations at all levels
Contextualisation and cohesion, there is always tension
Establish mechanisms and institutions that alleviate tensions
rather than good governance which is governance viewed by donors
Worshop 2
Cross cutting
e use of the African raditional values
The Alliance to set criteria/indicators to assess governance
Create institutes to train the actors at all levels
De-contextualize governance
Align public action with legality
Insert the notion on legitimacy in the debate on governance
The Alliance production to feed in the AU governance agendara
Take into account the differences in an universal process
Build governance on ethics and values
Governance to take stock on the language of the people
Establish data base on success stories on governance
Promote sharing of experiences and best practices in the area of governance
Workshop 4
